| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | \$0 | See the Common Medical Events chart below for your costs for services this plan covers. |
| Are there services covered before you meet your deductible ? | Does not apply | You don't have to meet deductibles for specific services, but a copayment or coinsurance may apply. |
| Are there other deductibles for specific services? | Yes. Major Medical coverage - \$50 Individual / \$150 Family. There are no other specific deductibles . | You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. |
| What is the out-of-pocket limit for this plan ? | For medical, hospital and prescription drug services provided by in-network providers - \$5,000 Individual / \$10,000 Family. | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance billing charges , health care this plan doesn't cover, payments for non essential benefits, out of network coinsurance / copayments , and penalties for failure to obtain precertification for services. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.ssspr.com or call 1-800-981-3241 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |
