

# Aetna Dental HMO

Product Name: Dental HMO Plan  
Member Services: 1-877-238-6200  
Web Address: [www.aetna.com](http://www.aetna.com)

Benefits	Coverage <sup>1</sup>
Annual deductible	None
Preventive/Diagnostic	Covered at 100%
Basic	You pay a pre-set reduced patient charge when you use your network dentist. <b>Obtain the schedule of charges by calling Aetna</b>
Major	
Orthodontia	
Annual maximum	None
Lifetime orthodontia maximum	Limited lifetime maximum of 24 months <sup>2</sup>

<sup>1</sup> If you elect the Aetna Dental HMO, you must receive all services from a provider who participates in the Aetna Dental HMO network including services from dental specialists. Except emergency palliative treatment, you will not be covered for any services you receive outside the dental HMO network. You must select a primary dentist and receive all services from that dentist. If a specialist is needed, your primary dentist must provide a referral. You can change your primary dentist at any time. Specialty dental services may be covered out of network if network specialists are not available. Please call Member Services to receive information and/or approval prior to receiving any out of network services.

<sup>2</sup> There is a maximum lifetime benefit of 24 months for interceptive and/or comprehensive treatment. A typical case lasting longer than 24 months requires additional payment by the patient. A referral is not required to receive services from an Orthodontist (Orthodontist must participate in Aetna's Dental HMO network). Orthodontia in progress is covered up to 24 months from the start of the original treatment.
