The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. Important Questions	Answers	Why This Matters:	
What is the overall deductible?	\$500/individual or \$1,000/family for In-Network Providers. \$1,500/individual or \$3,000/family for Out-of-Network Providers.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .	
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> for In- <u>Network Providers</u> .	This plan covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain preventive services without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .	
Are there other deductibles for specific services?	Yes. For prescription drug expenses – Individual \$100 / Family \$200. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this plan begins to pay these services.	
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$3,000/individual or \$6,000/family for In-Network Providers. \$6,000/individual or \$12,000/family for Out-of- Network Providers. Separate out of pocket for prescription drugs \$1,500 individual or \$3,000 family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.	
What is not included in the <u>out-of-pocket</u> <u>limit?</u>	Prescription Drugs, Services deemed not medically necessary by Medical Management and/or Anthem, Penalties for noncompliance, Premiums, balance-	Even though you pay these expenses, they don't count toward the out-of-pocket limit.	

Will you pay less if you use a <u>network</u> <u>provider</u> ?	billing charges, and health care this plan doesn't cover. Yes, Blue Card PPO. See www.anthem.com or call (855) 593-8123 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.
